

ADVANCED ENERGY CONFERENCE™

It All Comes Together in New York City

Meet and Network with the Energy Sector's Most Influential Leaders
April 20, 21 & 22, 2016 at Jacob Javits Convention Center, New York City

Advanced Energy 2016 offers a unique opportunity for researchers, educators, executives, financiers and policy makers from every area of the energy industry to exchange ideas, explore collaborations, and find inspiration in a truly synergistic environment. In brief, it is the one place to be for any individual or business involved in the growth and evolution of energy in America.

32 Individual sessions covering all facets of advanced energy, technologies and deployments

DR. ERNEST MONIZ
United States Secretary of Energy

United States Secretary of Energy **Dr. Ernest Moniz** is invited to join an impressive list of industry and government figures as a keynote speaker at **Advanced Energy 2016**.

As **United States Secretary of Energy, Dr. Ernest Moniz** is tasked with implementing critical Department of Energy missions in support of President Obama's goals of growing the economy, enhancing security and protecting the environment. Secretary Moniz is invited to address the

2016 Advanced Energy Conference with the strategic vision of critical national and international energy directions, policies and the underlying technologies necessary for implementation.

The Conference will feature an ambitious educational agenda, with plenaries, tracks and sessions that include outstanding scientific leadership.

Demonstrate Your Company's Energy Leadership

This conference offers a unique opportunity to put your business, and its products and services, on display before an audience of C-level executives, policy makers, and key industry leaders. As an **Advanced Energy 2016** sponsor or exhibitor, you will have a place of prominence in front of the people who make the buying decisions and influence energy policy.
