

Opportunities Week of 2-10-17

URECA Summer Program Applications Now Being Accepted: The URECA (Undergraduate Research and Creative Activities) Program supports SB students doing full-time faculty-mentored research or creative activity for ten weeks. At the end of the ten-week period, the URECA participants will prepare abstracts of their work and commit to presenting their work at the University's annual poster symposium in the following spring. URECA Summer Research Program participants receive a \$4,000 stipend.

Application deadline is March 10th, 2017

See <http://www.stonybrook.edu/commcms/ureca/summer/urecasummer.html> for more information and to apply

IMSD-MERGE Applications: NIH-funded program providing stipend support to student researchers in the summers preceding their junior and senior years as well as financial support and a suite of career development activities that run through the junior and senior years to enhance their preparation for graduate school. Applications encouraged for students with financial need or from under-represented groups with interests in pursuing graduate studies in the biomedical sciences.

Application deadline is March 15th, 2017

For more info, see <http://www.stonybrook.edu/commcms/imsd/apply/application.html>

One Heart Source Experiential-Learning Opportunity: One Heart Source (OHS) is offering a new 2017 Experiential-learning opportunity in Cape Town, South Africa for pre-med or health-focused students seeking new perspectives on health. OHS is offering 2 week and 4 week Health Innovation volunteer opportunities for students to gain international experience on the ground in global health initiatives, collaborate with groups of university students from around the world, develop leadership and entrepreneurial skills through the pursuit of social justice, and broaden health care skills in real-world environments.

Application deadline is March 3rd, 2017

Learn more about this volunteer opportunity here: https://oneheartsource.org/volunteer_programs/health-innovation/

Ecosystem Field Studies Summer Courses: Applications are currently being accepted for two summer-break field courses: Caribbean Ecosystem Field Studies, and Colorado Ecosystem Field Studies. Learn in-demand skills and scientific research methods while immersed in an incredible ecosystem setting! Take your education beyond the classroom.

For more info, see <http://www.ecofs.org>

Undergraduate Student Government (USG) Elections: Looking for ways to lead, grow, and serve your community? The Undergraduate Student Government's spring elections are coming up! All positions are open for election, and the cycle starts soon. Holding a position is a leadership opportunity, and provides students a platform to effect significant change and enhancements to the university. Positions available include but are not limited to: President, Executive Vice President, Treasurer, VP for Academic Affairs, VP for Communications, VP for Clubs and Organizations, VP for Student Life, senators, etc.

Info sessions start on February 20th, 2017

For the full election cycle schedule, please see attached file

EOP Summer Academy Positions: Positions available include Residential Assistants, Teaching Assistants, and Student Assistants. This is a 7 week commitment, which will enhance skills in leadership, teamwork, mentorship, and programming.

Visit www.stonybrook.edu/eopaim to sign-up and view available dates for Info Sessions

2017 Summer Science Research Program at Burke Medical Research Institute: A 10-week program designed to provide hands-on research experience for undergraduates interested in biomedical science careers. Participants will be part of a laboratory research project related to neural repair and rehabilitation. The program will run from June 5th to August 11th, trainees will receive a stipend of \$3,000

Application deadline is March 15th, 2017

For more info and apply go to <http://burke.weill.cornell.edu/future-talent>

Southern Teachers Job Openings: Southern Teachers is currently recruiting teachers for the 2017-2018 academic year. Southern Teachers is the premier placement agency for private schools in the South. This service is free to candidates and students do not need a teaching license or education major to be considered.

http://southernteachers.com/Internal/Candidates/WhySta.aspx?CmsPageListingId=21&utm_source=department%20email

Summer Research Opportunity

The Burke Medical Research Institute invites applications from qualified undergraduate students for our Summer Student Research Program. This program provides an opportunity to conduct cutting-edge research for those students interested in pursuing a career in biomedical sciences. Participants will be part of a laboratory research project related to neural repair and rehabilitation. Summer research students have extensive interaction with their faculty mentors and their staff.

The 2017 program will run from June 5th to August 11th

Trainees will receive a stipend of \$3,000

Housing and transportation are the responsibility of each trainee

Applications are due by March 15th, 2017

To apply and get further details, please go the website:

<http://burke.weill.cornell.edu/future-talent>

and follow the links to the Summer Science Program

or email:

summerscience@burke.org

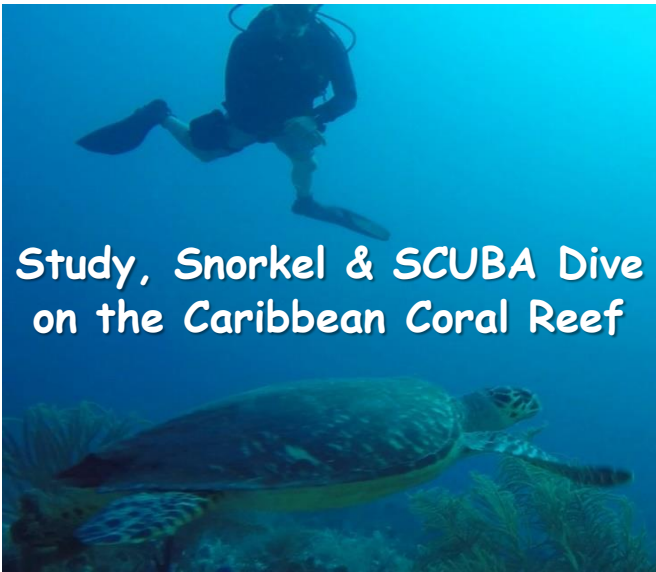

The Burke Medical Research Institute works in partnership with the Burke Rehabilitation Hospital and Weill Cornell Medicine to develop new therapeutic approaches for a host of impairments that cause disability including paralysis, sensory loss, language problems and dementia.
