

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.

Academic Year Student Course Registrations by Course

About these data: These data count registrations in courses as of the official snapshot (day 15 for fall and spring, end of term for summer and winter). Other activity may occur after snapshot, including late enrollments and withdraws. This additional activity is not accounted for in these official registration counts. **In this report, registrations follow the subject department of the section that the student enrolled in when dealing with combined sections.** This report includes courses offered at West Campus, East Campus, Southampton, Manhattan, Online and Distance Education locations. Advanced College Education (ACE) program registrations, Non-credit activity, and enrollments at SUNY Korea are not captured in this report. These data do not include medical student summer credit activity from the Renaissance School of Medicine.
