Number and amounts in this table correspond to official financial aid data reported to the U.S. Dept. of Education following guidelines for the Integrated Postsecondary Education Data System and are comparable to amounts reported by other institutions following federal definitions. Because this data collection includes only students enrolled in the fall term, the total number of financial aid awards in each category during a fiscal year (July 1 - June 30) is somewhat higher because it will include students enrolled in terms other than fall. Amounts reported represent award amounts for the academic year. Institutional aid for athletics was excluded prior to the 2012-13 reporting year. † Number of Pell recipients was overreported as 1,042 for the 2010-11 fiscal year.

^{*} Undergraduate enrollment included in the full-time, first-time cohort; figure may differ slightly from official headcount for undergraduates reported on IPEDS Fall Enrollment (EF) survey or Graduation Rate Survey (GRS).

^{**}Note: The 2019-20 through 2021-22 Aid Year includes CARES Act / CRRSAA HEERF II funding to students. These grants are reported as "Other Federal" grants. Interpret with caution.
